The Honorable Board of Supervisors  
County of Los Angeles  
383 Kenneth Hahn Hall of Administration  
500 West Temple Street  
Los Angeles, CA 90012

Dear Supervisors:

**COUNTYWIDE CLASSIFICATION ACTIONS  
INFORMATION TECHNOLOGY OCCUPATIONAL STUDY  
(ALL DISTRICTS - 3 VOTES)**

**IT IS RECOMMENDED THAT YOUR BOARD:**

Approve the accompanying ordinance amending Title 6, Salaries, of the County Code to reclassify 595 positions to six (6) recently established non-supervisory Information Technology (IT) classifications in conjunction with Phase I of the countywide IT Occupational Study; to add one (1) new IT management classification; and to make technical corrections.

**PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

Your Board has requested submission of classification letters on a periodic basis throughout the year to facilitate consideration of classification recommendations in a timely manner. Approval of these recommendations will provide the ordinance authority for County departments to implement the classification recommendations in this letter.

These classification and compensation recommendations will ensure the proper classification and compensation of positions to recognize the technological changes in countywide IT operations, as well as changes in the duties and responsibilities assigned to these jobs as performed by the incumbents (Attachments A and B). This is a primary goal of the County's classification system and a means for the appropriate classification and compensation of the County workforce. Positions reclassified upward, downward, and laterally are consistent with the class concepts of the proposed classifications. These actions are recommended based upon accepted principles of classification, and are important in addressing departmental operational needs and in maintaining consistency in personnel practices throughout the County. The proper classification and compensation of positions and employees facilitates good business operations, and can reduce the number of costly personnel-related problems.

#### Reclassifications - Information Technology Restructuring Study

On April 4, 2006, your Board approved the creation of six (6) classifications to address functional gaps within the County's existing IT classifications, and to reflect IT classifications and practices in the areas of network administration and technical support found in both the public sector and in private industry.

Subsequent to the establishment of these classes, we conducted a review of approximately 700 non-supervisory IT positions countywide, and are recommending that 595 positions in 22 departments be reclassified to recognize the changes in duties and responsibilities assigned to individual IT-related positions (Attachment B). These actions will also facilitate the recruitment and retention of technical skilled staff, and reduce reliance upon contract agency personnel.

#### New Class

In November 2006, your Board approved a new classification of Departmental Chief Information Officer II to function as the highest level information technology manager in large County departments, having highly complex information technology environments designated as such by the County Chief Information Officer (CIO) and Chief Administrative Officer (CAO). The new class of Departmental Chief Information Officer I (Attachment A) is being created to classify chief information officers in medium-sized County departments with complex centralized IT organizations designated as such by the CIO and CAO.

#### Technical Corrections

Two (2) IT-related classifications were inadvertently benchmarked to a non-IT classification, and consequently, did not receive the April 1, 2007 inequity adjustment. Benchmark corrections have since been made, and the recommended actions will implement the changes needed to correct the salaries for these classes (Attachment A).

#### Implementation of Strategic Plan Goals

Approval of the accompanying ordinance will further the County Strategic Plan, Workforce Excellence and Organizational Effectiveness Goals, to improve the quality of the workforce, to achieve departmental operational needs, and to maintain consistency in personnel practices throughout the County.

#### **FISCAL IMPACT/FINANCING**

The projected budgeted net County cost resulting from this action is \$434,246 annually based upon salaries as of April 1, 2007. Incumbents of filled positions promoted as a result of upward reclassifications generally receive increases ranging from 5.5 to 10 percent. Cost increases associated with upward reclassification actions and compensation changes will be absorbed within the Board's adopted budget for each affected department. No additional funding is required. Also, any costs savings from downward reclassifications will be realized in the future as these positions become vacant, and are filled at the recommended lower level.

#### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

##### Authority

The County Charter authorizes the establishment and maintenance of "a classification plan and the classification of all positions." This responsibility is further delineated in Civil Service Rule 5.

Approvals

- Appropriate consultations have been conducted with the impacted employee organizations.
- The accompanying ordinance implementing amendments to Title 6, Salaries, of the County Code has been approved as to form by County Counsel.

**IMPACT ON CURRENT SERVICES (OR PROJECTS)**

Your approval of these classification recommendations will enhance the operational effectiveness of the departments through proper classification of positions and employees.

Respectfully submitted,

DAVID E. JANSSEN  
Chief Administrative Officer
